

## Fiber Laser Marking Machine With Turning Table

### Technical Parameters

Model	LX-A2		
Laser Source	Raycus fiber laser source		
Laser source lifespan	>100000 hours		
Output Average Power	30W	50W	100W
Wave length	1064nm		
Position resolution	1.0um		
Power supply	110-230V, 50/60HZ		
Beam Quality(M2)	<1.5	<1.8	<1.8
Software	Ezcad or Seacad software		
Marking area	300mm*300mm		
Max speed of galvo head	7000mm/sec		
Type of source	Pulse fiber laser		
Safety	Protective glasses to protect eyes		
Alarm system	LED Alaram light		
Frequency	30-60KHZ	50-100KHZ	1-1000KHZ
Cooling system	Air Cooling		
Auxiliary focus red dot	Yes		
Laser Class	Class 4		
Marking Material	Metal, jewelry, ear tags		
Turning table	Use high precision divided circle device		
Turning table & laser macine	Use PLC device connect to laser machine		

Warranty	Whole machine 2 years warranty
Net weight	550KG
Gross weight	650KG
