Altrad Fort wheelbarrow

F&S 165

The F&S 165 is **THE** agricultural wheelbarrow from Fort with the well-known quality and a special redesigned tray.

- Large capacity, 165 litres (water filled).
- Vacuum-formed, very smooth inner surface due to modern production process.
- Equipped with unique content indication at 25, 50, 75 and 100 litres, measured standing on a flat surface.
- Made of high quality HDPE with UV protection, will not fade in the sun.
- More even distribution of wall thickness.

Perfect for use in stables, riding schools, larger gardens and a variety of other agricultural purposes.

Vacuum formed,
smooth inner surface.

HDPE plastic with uniform wall
thickness. Very robust.

Larger capacity: 165 litres
(water filled)

Strong galvanized frame with tray support.
