

NCC DIARID Goat bolus

Complementary Feed

Directions

Gently insert the bolus into the goat's mouth using the applicator, over the back of the tongue, so it is swallowed. Take care not to cause damage or choke the goat. If in any doubt seek veterinary advise.

Feeding Rate

Feed the goats 3 boluses per day for 3 consecutive days for optimal effect.

Content: 50 boluses

Capsules: 50 x 7.5g

Dosage: see leaflet

Shelf life up to: 12/2022

Batch: 010818VIP

Precautions

If the animal does not improve or deteriorates within 6 hours, seek veterinary advice. These boluses are not for human consumption. Keep out of reach & sight of children. Store the boluses in a cool, dry and frost free place, in original packaging. Refer to product data sheet inside pack.
