

## SDS Report

### 1. Identification

#### (a) Product identifier

Product name: MS Flycatcher

#### (b) Other means of identification

Product description:

Appearance: Powder

Color: Brown

Odor: Slight pungent odor

#### (c) Recommended use of the chemical and restrictions on use

Recommended use Attract the fly

Uses advised against No further information available.

#### (d) Details of the supplier of the safety data sheet

Applicant Name: Schippers Europe BV

Applicant Address: Smaragdweg 60

5527 LB Hapert

Tel: +31(0)497-339 779

#### (e) Emergency telephone number

+86-18602234188

### 2. Hazard(s) identification

#### (a) Classification

GHS Classification in accordance with the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

The product is not classified according to the regulation.

Note: Safety information is given for exposure to the article as sold. Intended use of the product should not result in exposure to the chemical substance in the fly attraction bait.

#### (b) GHS Label elements, including precautionary statements

The product does not need to be labelled in accordance with respective national laws.

**Hazard pictogram(s):** Not applicable

**Signal word:** Not applicable

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. If you feel unwell, call a doctor/physician.

#### Skin

# Safety Data Sheet

According to HCS-2012 APPENDIX D TO §1910.1200

IF ON SKIN: Rinse skin with water [or shower]. If any doubt, call a doctor/physician.

## Inhalation

If feels unwell, remove from exposure and move to fresh air. If symptoms persist, Get medical aid.

## Ingestion

It's not an expected way to ingested. Rinse mouth with water. If you feel unwell, seek medical attention/ advice.

**Precautionary Statements:** Wash thoroughly after handling.

**Precautionary Statement Response:** Rinse skin with water [or shower].

**Specific treatment:** No further information available. Get medical advice/attention if you feel unwell.

## Precautionary Statements - Storage

Not applicable.

## Precautionary Statements - Disposal

Dispose of contents/container in accordance with local/regional/national/international regulation.

## (c) Hazards not otherwise classified (HNOC)

Not applicable

## (d) Unknown Toxicity

No further information available.

## (e) Other information

No further information available.

## (f) Interactions with Other Chemicals

No further information available.

### 3. Composition/information on ingredients

Products ingredients: mixture.

Chemical name	CAS No.	Concentration -%
Fish Protein Concentrate	N/A	11
Soybean Meal	68513-95-1	20.5
Wheat Flour	130498-22-5	25
Egg	N/A	35
Yeast	N/A	8.5

CAS number is Chemical Abstract Service Registry Number.

N/A means not applicable.

### 4. First-aid measures

#### (a)First aid measures

#### (b)General Advice

Get medical aid if required.

Eye contact:

Rinse opened eye with precaution for several minutes under running water, occasionally lifting the upper and lower eyelids. Do not rub affected area. Get medical attention if irritation develops and persists.

Skin contact:

Wash off with plenty of water. If symptoms persist consult doctor.

Inhalation:

If feels unwell, remove from exposure and move to fresh air. If symptoms persist, Get

# Safety Data Sheet

According to HCS-2012 APPENDIX D TO §1910.1200

medical aid.

Ingestion: Generally does not have ingestion risk. If ingested, rinse mouth immediately. Get medical aid.

Self-protection of the first aider Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Use personal protective equipment as required (see section 8).

## **(c) Indication of any immediate medical attention and special treatment needed**

No further information available.

## **5. Fire-fighting measures**

### **(a) Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use foam, dry powder or dry sand, CO<sub>2</sub> as appropriate.

### **(b) Unsuitable extinguishing media**

No further information available.

### **(c) Specific Hazards Arising from the Chemical**

During a fire, incomplete combustion and thermolysis may produce carbon oxides, irritating fumes.

### **(d) Protective equipment and precautions for firefighters**

Firefighters must wear fire resistant protective equipment and appropriate breathing apparatus. The staff must equip with filter mask (full mask) or isolated breathing apparatus. The staff must wear the clothes which can defense the fire and the hazardous gas. Put out the fire in the upwind direction. Remove the container to the open space as soon as possible. Spray water on the containers in the fireplace to keep them cool until finish extinguishment.

## **6. Accidental release measures**

### **(a) Personal precautions, protective equipment and emergency procedures**

Personal Precautions: Do not take any untrained or risky personal actions. Ensure adequate ventilation. Avoid formation of dust. Evacuate personnel to safety areas.

Avoid skin and eye contact.

Other Information: Refer to protective measures listed in Sections 7 and 8.

### **(b) Environmental Precautions**

Environmental Precautions Keeping away from drains, surface and ground water.

### **(c) Methods and material for containment and cleaning up**

Methods for Containment Sweep up and shovel. Collect all released material in a container. Dispose off according to the local law and rules.

## **7. Handling and storage**

### **(a) Precautions for safe handling**

Handling Use with adequate ventilation. Avoid ingestion. Prevent formation of dust. Use personal protection equipment. Equipped with leakage emergency treatment equipment. For the

# Safety Data Sheet

According to HCS-2012 APPENDIX D TO §1910.1200

general occupational hygienic measures refer Section 8.

## (b) Conditions for safe storage, including any incompatibilities

Storage Keep in a dry, cool and well-ventilated place.

## 8. Exposure controls/personal protection

### (a) Control parameters

No data available. According to our experience and to the information provided to us, the product does not have any harmful effects if it is used and handled as specified.

### Exposure Guidelines

In case of working indoors, use appropriate equipment and installing adequate exhaust system to avoid exposure to vapor, etc. Use explosion-proof ventilation equipment. A wash room or shower room near the working area is recommended. Wash your hands often after work or during breaks. Avoid contact with eyes.

### (b) Appropriate engineering controls

Engineering Measures      Showers  
   Eyewash stations  
   Ventilation systems

### (c) Individual protection measures, such as personal protective equipment

Eye/Face Protection	If exposure limits are exceeded, wear appropriate protective eyeglasses or chemical safety goggles.
Skin and body Protection	Wear protective gloves and protective clothing such as long sleeved clothing, impervious gloves, chemical resistant apron, and antistatic boots if required.
Respiratory Protection	In case of inadequate ventilation: wear respiratory protection
Hygiene Measures	Handle in accordance with good industrial hygiene and safety practice. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with eyes. Do not eat, drink, or smoke in work area. Maintain good housekeeping.

Note: Please refer the information in this section contains generic advice and guidance, If exposure to the ingredients material contained. None required on the using of product.

## 9. Physical and chemical properties

### (a) Physical and Chemical Properties

Appearance	Powder
Odor	Slight pungent odor
Color	Brown
Odor Threshold	No information available

### (b) Property

pH	c)Value Not available
Melting point/freezing point	Not applicable for mixture
Initial boiling point and boiling range	Not applicable for mixture
Flash point	Not available
Evaporation rate	No information available

# Safety Data Sheet

According to HCS-2012 APPENDIX D TO §1910.1200

Flammability (solid, gas)	Not applicable
Upper/lower flammability or explosive limits	No information available
Vapor pressure	No information available
Vapor density	No information available
Relative density	Not available
Solubility(ies)	Water insoluble
Partition coefficient: n-octanol/water	No information available
Auto-ignition temperature	Not auto-ignition products
Decomposition temperature	No information available
Viscosity	No information available
Oxidizing properties:	The substance does not belong to Oxidizing substance.
Explosive properties:	No further information available.
Self igniting:	Product is not self-igniting under normal condition.

## 10. Stability and reactivity

### (a) Reactivity

Stable under recommended storage and handling conditions.

### (b) Chemical stability

Stable under recommended storage conditions.

### (c) Possibility of hazardous reactions

None under normal processing.

### (d) Hazardous Polymerization

Hazardous polymerization does not occur under recommended storage and handling conditions.

### (e) Conditions to avoid

Avoid store with incompatible.

### (f) Incompatible materials

Strong oxidizer, alkali. Keep away from heat/sparks/open flames/hot surfaces.

### (g) Hazardous decomposition products

Hazardous decomposition does not occur under normal storage and handle condition.

## 11. Toxicological information

### (a) Information on the likely routes of exposure

Product Information	Acute toxicity(Muscalure): Rat oral LD50: >23070mg/kg; Rabbit skin LD50: >2025mg/kg.
Inhalation	Inhalation of a large number of dust may cause irritation of respiratory tract.
Eye Contact	Specific test data for the substance or mixture is not available. May causes irritation to the eyes.
Skin contact	Specific test data for the substance or mixture is not available. May causes skin irritation.
Ingestion	No further relevant information available.

# Safety Data Sheet

According to HCS-2012 APPENDIX D TO §1910.1200

## (b) Information on toxicological effects

Acute toxicity:	No further relevant information available.
Skin corrosion/irritation:	No further relevant information available.
Serious eye damage/irritation:	May cause eye irritation.
Respiratory sensitization:	No further relevant information available.
Skin sensitization:	No further relevant information available.
Carcinogenicity:	Not listed.
Germ Cell Mutagenicity:	No further relevant information available.
Reproductive Toxicity:	No further relevant information available.
STOT-Single Exposure:	No further relevant information available.
STOT-Repeated Exposure:	No further relevant information available.
Aspiration Hazard:	No further relevant information available.

## (c) Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization	No further relevant information available.
Mutagenic Effects	No further relevant information available.
Carcinogenicity	No further relevant information available.
Reproductive Toxicity	No further relevant information available.
Chronic Toxicity	No further relevant information available.
Target Organ Effects	No further relevant information available.
Aspiration Hazard	No further relevant information available.

## 12. Ecological information

### (a) Ecotoxicity

No further relevant information available.

### (b) Persistence and Degradability

No further relevant information available.

### (c) Bioaccumulation

No further relevant information available.

### (d) Mobility in soil

No known adverse environmental effects are known or expected under normal use.

### (e) Other adverse effects

No further relevant information available.

## 13. Disposal considerations

### Safe handling and methods of disposal

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Local regulations may be more stringent than regional or national requirements.

Product disposal recommendation: Observe local, state and federal laws and regulations. Containers may be recycled or re-used.

# Safety Data Sheet

According to HCS-2012 APPENDIX D TO §1910.1200

## 14. Transport information

(a) UN number	Not regulated. Not a hazardous substance or mixture.
(b) UN Proper shipping name	Not regulated. Not a hazardous substance or mixture.
(c) Transport hazard class(es)	Not regulated. Not a hazardous substance or mixture.
(d) Packing group (if applicable)	Not regulated. Not a hazardous substance or mixture.
(e) Marine pollutant (Yes/No)	No
(f) Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code)	No information available.
(g) Special precautions	No information available.

## 15. Regulatory information

OSHA hazard communication standard (29 CFR 1910.1200)

\_\_\_\_\_ Hazardous                        V   Non-hazardous

## 16. Other information, including date of preparation or last revision

### (a) Preparation and revision information

Prepared By                      Shenzhen RTL Testing Laboratory Co., Ltd.  
Room 612, Haikang building, No. 10 Ande Avenue, Meiting Community,  
Meilin Street, Futian District, Shenzhen City, Guangdong, China

Report No.                      RTLC2023020993EN

Email:                              ivy@rtlabs.cn

Version:                            1.0/EN

Date of this revision              Feb. 10, 2023

Issue date:                        Feb. 10, 2023

### (b) Abbreviations and acronyms

TSCA:                              Toxic Substances Control Act, The American chemical inventory.

DSL                                   Domestic Substances List

EINECS:                            European Inventory of Existing Commercial chemical Substances

ENCS                                Japanese Existing and New Chemical Substances

ECL:                                 Existing Chemicals List, the Korean chemical inventory.

IECSC:                              Inventory of existing chemical substances in China.

### (c) Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
