Ref: CERTIFICAT OF COMPLIANCE

Regarding the classification of "Batteries, Wet, Non-Spillable, Electric Storage", we hereby certify that "Multipower" brand batteries produced by Kung Long Batteries Industrial Co., Ltd. are Sealed Valve Regulated Lead Acid batteries (VRLA) with Absorbed Glass Mat (AGM). Our batteries meet the requirements of 49 CFR 173.159(D) and Special Provision A67.

The international transportation of wet and moist charged (moist active) batteries is regulated by the International Maritime Dangerous Goods code (IMDG).

Some Kung Long Batteries have been tested and meet the non-spillable criteria listed in the IMDG code page 8121. These batteries are excepted from all IMDG code provided that the batteries terminals are protected against short circuits. Thus our batteries can be classified as non-spillable batteries and don't require additional dot hazard labels.

Tina Lee
Vice President
Kung Long Batteries Industrial Co., Ltd.
